River Camp

The Fort Wayne Parks and Recreation Department's newest summer camp is all about our rivers, the role they have played in the history of our city and how they are still used today. Campers will gain a better understanding of our rivers, their challenges and their benefits, as well as an enthusiasm for our waterways. It's a week of exciting games, water activities and even science experiments. Camp will be held at Shoaff Park Riverlodge on Tuesday, Wednesday and Friday. Thursday will be a special day of fun in downtown Fort Wayne.

July 5-8, 9:00 a.m.-3:00 p.m.

Shoaff Park Riverlodge, 6401 St. Joe Rd.

Ages 8-12.

Fee: \$100.
